

include/FileManager.hpp

```
graph BT; maincpp[main.cpp] --> fmhpp[include/FileManager.hpp];
```

The diagram illustrates a file dependency. A box labeled 'main.cpp' at the bottom has a blue arrow pointing upwards to a box labeled 'include/FileManager.hpp' at the top. The 'include/FileManager.hpp' box has a gray background, while the 'main.cpp' box has a white background. Both boxes have a black border.

main.cpp
